**DETAILED ACTION**

***Drawings***

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because this application is in condition for allowance. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Paul Lewis on 4 August 2005.

#### **IN THE CLAIMS:**

1. For claim 2, in the very last line, the phrase "communicates with the second passageway" has been replaced with --is in communication with said second forward opening—

### **EXAMINER'S REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art does not anticipate or render obvious the following combinations: 1) a rectal insertion device with a forward section having a first opening and a second opening, wherein a first passageway extends from the first opening and a second passageway extends from the second passageway, and the first passageway communicates with the second passageway; 2). a rectal insertion device with a forward section having a first opening and a second opening, wherein a first passageway extends from the first opening, and the first passageway is in communication with the second opening.

### ***Conclusion***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
